

CLIMATE DECLARATION

TRILL ARMCHAIR

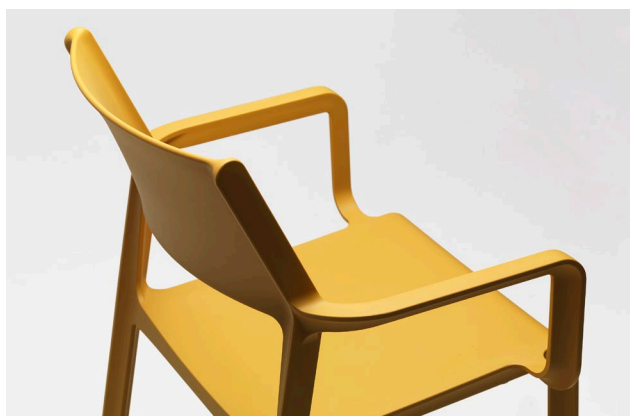

Declared unit: one chair

The climate declaration shows the emissions of greenhouse gases, expressed in kg CO₂eq. It is based on verified results from a Life Cycle Assessment (LCA) performed as basis for an Environmental Product Declaration (EPD), in accordance with ISO 14025. This declaration is an extract of the full EPD of Nardi s.p.a., which can be found at www.environdec.com.

COMPANY

Nardi designs and produces outdoor furniture tailored to people's well-being and relaxation. The company believes in a global approach: an international vision and a propensity for technological innovation go hand in hand with promoting local resources and organising production around a very short supply chain. All in line with Nardi's identity based on original, high-quality designer products made in Italy.

PRODUCT DESCRIPTION

Trill Armchair is a stackable monobloc chair with armrest, made for both indoor and outdoor use and available in 9 colors. The chair is made of uniformly colored fiberglass polypropylene resins with UV additives and matt finish. This single-issue EPD is valid for all nine colors of Trill Armchair.

CLIMATE DECLARATION

The system boundaries include all life cycle phases from raw materials, transport, production, distribution, use and disposal. The reference year for the data collection is 2019.

The table below shows the total Global Warming Potential (GWP) expressed in kilograms of carbon dioxide equivalent (kg CO₂eq) for 1 seat Trill Armchair including stored carbon. The GWP results are split into contributions of Upstream, Core and Downstream processes.

Trill Armchair	Total	Upstream	Core	Downstream
kg CO ₂ eq	17,6	11,8	1,8	4,1

OTHER ENVIRONMENTAL INFORMATION

More information about other environmental impacts of Trill Armchair is presented in the EPD of Nardi, which can be found at www.environdec.com.
